

## **PRESS RELEASE**

Bangkok, November 7, 2023

**Brenntag Specialties showcases its latest breakthrough beauty and personal care solutions in mood and stress management**

- **Brenntag concepts presented at Asia's leading personal care event are poised to revolutionize the way people address their emotional well-being by offering a natural and effective solution for everyday stressors**

Brenntag, the global market leader in chemicals and ingredient distribution will present its latest offerings at in-cosmetics Asia 2023, taking place at the Bangkok International Trade & Exhibition Centre (BITEC) from 7-9 November 2023.

The Brenntag booth located at K10 and L10 will portray Brenntag Personal Care division's innovations which focus on key ingredients and formulations that deliver sustainability, health, and well-being to consumers, backed by the company's technical expertise, tailor-made formulation, and applications.

"Today's post-pandemic consumers are not only ethically and environmentally aware but also seek products and solutions that enhance their physical and mental wellness. They also aspire to play their part in protecting the world that we live in with their purchase decisions. Brenntag recognizes these consumer trends, and in collaboration with our supplier partners, we want to positively impact the beauty and personal care industry with our formulations and concepts created by our technical experts from our network of dedicated personal care innovation and application centers." Said Francois Bleger, Regional President, Brenntag Specialties Asia-Pacific.

Wissanee Ruangsorn, President, Brenntag Personal Care, Asia-Pacific added, "We are excited to reconnect with our existing customers and meet new ones at in-Cosmetics. From comforting velvety sunscreens with firming and blemish-reduction properties, microbiome-friendly and soothing cleansers with sensory enhancers to vitamin-enriched, eco-friendly serums that relieve stressed skin, we are thrilled to demonstrate our various breakthrough innovations in mood and stress management at the event."
