Brenntag expands partnership with Momentive into the Philippines

- **The partnership builds on existing distribution agreements in Indonesia and Vietnam, extending coverage in Southeast Asia**
- **Brenntag's Coatings, Adhesives and Sealants Material Science offering is expanded with Momentive's advanced silicone and specialty solutions**

Brenntag, the global leader in chemicals and ingredients distribution, has signed a new distribution agreement with Momentive Performance Materials Inc. The company's extensive product portfolio features advanced silicone and specialty solutions that enhance performance across a wide range of industries, including building and construction, and niche sectors like specialty fluids, silanes, and additives.

The new agreement covers the Philippines market and follows existing distribution partnerships in Indonesia and Vietnam. With this extension, Brenntag's Material Science CASE division will provide customers in the Philippines with access to Momentive's portfolio of advanced silicone and specialty solutions, including its CoatOSil™ additives for coatings and Silquest™ silanes, supported by Brenntag's strong market presence and formulation expertise.

Santosh Satam, Director, Material Science, CASE Asia Pacific, Brenntag Specialties said, "This expanded partnership reflects Brenntag's commitment to delivering innovation and performance to the CASE industry. By combining Momentive's cutting-edge silicone and specialty technologies with our regional network and application know-how, we are well positioned to help customers in the Philippines enhance their products and accelerate growth."

RMS Sandhu, Regional Segment Leader, CAS & PE, Momentive Performance Materials (Thailand) Ltd., said, "We are pleased to broaden our collaboration with Brenntag into the Philippines. Brenntag's market knowledge, customer reach, and ability to translate technology into practical applications make them a trusted partner. Through this partnership, more customers will now benefit from Momentive's CoatOSil™ and Silquest™product families, which are designed to help coatings, adhesives and sealants applications achieve higher performance and durability."
