

Polymers

Masterbatch and Compounding
Iberia

Formosa		ABS	Acrylonitrile butadiene styrene	TAIRILAC®
		ASA	Acrylonitrile styrene acrylate	TAIRILAC®
		PC	Polycarbonate	TARFLON®
Kuraray		PMMA – hi	Polymethyl methacrylate high impact	PARAPET™
		PMMA – soft	Flexible polymethyl methacrylate	PARAPET™ SA
Sabic		POM	PolyOxyMethylene, acetal copolymer	SABIC® POM
Si Group		Antioxidants	Phenolic, phosphite, amine, thioester, blends	ANOX™, ALKANOX™, ULTRANOX™, LOWINOX™, WESTON™, NAUGARD™, EVERCYCLE™
		UV stabilizers and absorbers	Benzophenone, benzotriazole, hals	LOWILITE™
		Coupling agents	Maleic anhydride and acrylic acid grafted polyolefins	POLYBOND™
		Impact modifiers	Maleic anhydride grafted EPDM	ROYALTUF™
		Flame retardant synergist	Dicumene	Dicumene
Lanxess		Plasticisers	Adipate	UNIPLEX®, ADIMOLL®
			Benzoate	UNIPLEX®
			Polymeric	ULTRAMOLL®
			Sebacate	UNIPLEX®
			Sulfonamide	UNIPLEX®
			Trimellitate	UNIPLEX®
			Glycerol acetate	UNIMOLL AGF®
			Glycerol triacetate	ACETINE 51035®
			Phosphoric flame retardant	DISFLAMOLL®, LEVAGARD®
			Monomeric phthalate-free	MESAMOLL®
Tronox		Inorganic pigments	Titanium dioxide	TIONA® TIKON®
Zhejiang Huayuan pigment		Inorganic pigments	Iron oxides	HYROX®
Brenntag Colors		Organic pigments	Pigments for masterbatch, compound, PVC	BRICOFOR™
		Solvent soluble dyestuffs	Soluble colorants for non-polyolefinic polymer	KENAWAX™
Hubron		Black masterbatch	Carbon black masterbatch	
		Compounds	Carbon black conductive compounds	
		Customized solutions	Tailor-made black masterbatch	
Peter Greven		Lubricants, stabilizers, acid scavengers	Metallic soaps and pre-blends	LIGASTAR® LIGASTAB®
			Ester lubricants	LIGALUB®
			Metallic soaps dispersions	LIGAFLUID®
PMC Biogenix		Slip, antiblock, mold-release agents	Primary fatty amides	ARMOSLIP®, KEMAMIDE®
			Secondary fatty amides	KEMAMIDE®

Elkem		Synergetic flame retardant, processing aid	Ultrafine spheres of amorphous silicon dioxide	SIDISTAR®
		De-foaming agent (polymer recycling)	Silicone foam control agent	SILCOLAPSE® BLUESIL®
Borax		Flame retardant agent	Zinc borate	FIREBRAKE®
Zeochem		Dessicants	Zeolites	PURMOL®
Kärntner Montan-industrie		Mineral fillers	Micaceous iron oxide	MIOX®
			Micronized wollastonite	
Arkema		Crosslinking, PP MFI modifier	Organic peroxides	RETIC®
Westlake Epoxy		Composite materials	Epoxy resin	EPIKOTE®
			Curing agents	EPIKURE®
Borchers		Additives for composite	Cobalt-free accelerators, air release agents	BORCHI®
CTS		Epoxy and polyester resins release agent	Silicone based release agent aerosol	
Dow		Surfactants	PU foam surfactants	VORASURF®
H.B. Fuller		Bonding agents	PU-metal bonding agents	CILBOND®
3M		Weight reduction, processing aid	Hollow glass bubbles	3M Glass Bubbles
Brenntag		Plasticizers	Phthalates	DINP, DIDP
			Diocetyl terephthalate (DOTP)	Brennplast 231
			Triocetyl trimellitate	TOTM
		Co-plasticizers	Epoxidized soybean oil	
			Chlorinated paraffines	
		PVC processing aids	Acrylic polymers	BP120N, BP125, BP175, BP435
		Impact modifiers	MBS, acrylics	LB-56, LB-564, LB-730, BM355
		Blowing agents	Azodicarbonamide	ADC
			4,4'-oxydi(benzenesulfonohydrazide)	OBSH
		Flame retardant	Antimony trioxide	
			Aluminium hydroxide (ATH)	
			Melamine cyanurate	
			Ammonium polyphosphate	
		PA6	PA6 base resin
