

Product overview

Batteries

Battery Materials and Solutions

From mining to recycling, from acids to cathode additives

Who we are

As the global market leader in chemicals and ingredients distribution, we provide the extensive product portfolio, supplier network, and blending and logistics expertise that is needed to support all stages of the battery lifecycle.

From acids to hydrocarbons to aluminum derivatives, from cans to full truckloads, we function as single source option for your chemical supply.

We operate a strong global network of more than 17,500 employees and about 600 sites, serving around 185,000 customers worldwide. Setting high standards for sustainability in our industry, we attained the highest possible status of Platinum in the EcoVadis sustainability assessment.

We partner throughout the whole lithium-ion battery ecosystem using a safe, reliable, and circular approach. Discover our battery-related product overview on the next page. For detailed information, please get in touch with us via our website.

Product groups

Acids & Lye

- Hydrochloric acid
- Sulphuric acid
- Formic acid
- Sodium hydroxide
- Ammonia/ ammonium hydroxide
- Calcium hydroxide
- Potassium hydroxide
- Hydrogen peroxide
- Sodium hypochlorite

Performance Materials/ Inorganic Salts

- Calcium carbonate
- Sodium carbonate
- Calcium chloride
- Sodium nitrate
- Sodium sulphate
- Boric acid
- Titanium dioxide

Solvents

- N-Methylpyrrolidone
- Alcohols
- Toluene
- Acetone
- Methylene chloride
- Dearomatized solvents

Sustainable and safer product alternatives

Products by application

Electrolyte

- Ethylene carbonate
- Diethyl carbonate
- Dimethyl carbonate
- Ethyl methyl carbonate
- Propylene carbonate
- TAB

Raw materials and electrodes

- Lithium carbonate/ hydroxide
- Aluminium nitrate/ sulphate/ hydroxide
- PVDF
- CMC
- SBR
- Co-Solvents

Coolants

- Methyl ethylene glycol
- Base oils
- Blends

Cleaning and degreasing

- Solvent based and aqueous cleaning solutions
- Chlorinated hydrocarbons

Water and air treatment

- Flocculants
- Coagulants
- Defoamers
- Activated carbon
- Disinfectants
- Corrosion inhibitors

This is just a selection of the products we provide. The offering depends on local availabilities. Additionally, we support your efforts in sourcing new materials or suppliers. For more information, please visit [brenntag.com](https://www.brenntag.com).
